# **DISCIPLINARY GUIDELINES AND MODEL DISCIPLINARY ORDERS**

## **I. INTRODUCTION**

The California Board of Accountancy (the "Board") licenses the practice of accountancy in the State of California and may revoke, suspend, or refuse to renew any permit or certificate for violation of applicable statutes or regulations. The Board examines applicants, sets education requirements, and may deny licensure and the authority to practice under practice privilege (California Business and Professions Code Section 5096 et seq.). The Board may, by regulation, prescribe, amend, or repeal rules of professional conduct appropriate to the establishment and maintenance of a high standard of integrity and competency in the profession.

The Board, through its Enforcement Division, assisted by its statutorily established Administrative Committee, receives and investigates complaints; initiates and conducts investigations or hearings, with or without the filing of a complaint; and obtains information and evidence relating to any matter involving the conduct of California Public Accountants and Certified Public Accountants as well as any alleged violation of the California Accountancy Act. The California Accountancy Act and the regulations of the California Board of Accountancy provide the basis for Board disciplinary action. (See California Business and Professions Codes Sections 5000 et seq., and Title 16 California Code of Regulations Sections 1 through 99.1.)

These disciplinary guidelines, designed for the use of Administrative Law Judges, attorneys, Board licensees, and others involved in the Board's disciplinary process, are revised from time to time. The guidelines cover model disciplinary orders, including factors to be considered in aggravation and mitigation; standard probationary terms; and guidelines for specific offenses. The guidelines for specific offenses are referenced to the statutory and regulatory provisions violated.

These disciplinary guidelines set forth recommended discipline for the violation of current statutes and regulations; includes a provision for community service; and provides additional guidance regarding disciplinary and model orders. This revised edition was adopted by the Board on January 21, 2005.

The Board recognizes that these recommended penalties and conditions of probation are merely guidelines and that mitigating or aggravating circumstances and other factors may necessitate deviations, as discussed herein.

## II. GENERAL CONSIDERATIONS

The Board requests that **Proposed Decisions** following administrative hearings include the following:

- a. Specific code sections violated with their definitions.
- b. Clear description of the violation.
- c. Respondent's explanation of the violation if he or she is present at the hearing.
- d. Findings regarding aggravation, mitigation, and rehabilitation where appropriate (See factors set forth below/Section 99.1).
- e. When suspension or probation is recommended, the Board requests that the disciplinary order include terms within the recommended guidelines for that offense unless the reason for departure therefrom is clearly set forth in the findings and supported by the evidence.

If the respondent fails to appear for the scheduled hearing, such action shall result in a **default decision** to revoke license.

When the Board, at a **reinstatement hearing**, denies a petitioner's request for reinstatement, the Board requests that the Administrative Law Judge provide technical assistance in formulating language clearly setting forth the reasons for denial. Such a **statement** should include, for example, a statement on rehabilitation, including suggestions for further approaches by petitioner to demonstrate rehabilitation, where appropriate.

- f. **Reimbursement to the Board for costs of investigation and prosecution as warranted by Business and Professions Code Section 5107.**

The Board will consider **stipulated settlements** to promote cost effectiveness and to expedite disciplinary decisions if such agreements achieve its disciplinary objectives. Deputy Attorneys General should inquire as to respondent's interest in stipulated settlement promptly after receipt of a notice of defense. If stipulated settlement appears unlikely, the case should be set for hearing.

The Board's policy is that all disciplinary actions will be published.

It is also the Board's policy that matters resolved by stipulation include **cost recovery**.

The Board's Executive Officer is authorized by statute to request an Administrative Law Judge, as part of any proposed decision in a disciplinary proceeding, to order the recovery of reasonable costs of investigation and prosecution (California Business and Professions Code Section 5107). For costs incurred prior to January 1, 2005, costs may be recovered only for specific violations, as specified in the statute prior to its amendment effective January 1, 2005. For costs incurred January 1, 2005 and after, statute changes allow for cost recovery for **all**

violations, regardless of when the violation(s) occurred. This statute does not preclude the Board from seeking recovery of costs through stipulations; thus, it does not change the Board's policy of requesting and recovering costs where appropriate in stipulated settlements. Restitution to victims and/or administrative penalties should not be reasons to reduce, eliminate, or stay full recovery of all reasonable costs of investigation and prosecution.

In stipulated decisions involving **revocation** (no revocation stayed), the order will generally include the requirement that respondent must reimburse the Board for all reasonable costs of investigation and prosecution prior to or upon reinstatement of respondent's revoked certificate under Section 5115 of the California Business and Professions Code.

The period of **probation** is generally three years. During the probation period, licensees are required to appear in person at interviews/meetings as directed by the Board or its designated representatives to report on probation compliance.

Where an actual **suspension** is imposed, the order shall include the requirement that respondent engage in no activities for which certification is required (see model disciplinary orders). In addition, the respondent shall relinquish the certificate in question to the Board and shall notify clients regarding the suspended status of the certificate, if directed to do so by the Board.

### **III. EVIDENCE IN AGGRAVATION OF PENALTY**

The following are among aggravating circumstances to be considered by Administrative Law Judges in providing for penalties in proposed decisions:

1. Evidence that the violation was knowingly committed and/or was premeditated.
2. Licensee has a history of prior discipline, particularly where the prior discipline is for the same or similar type of conduct.
3. Licensee's actions resulted in financial damage to his or her clients or other consumers. The amount of loss may be an additional aggravating factor.
4. Violation of Board probation.
5. Failure to comply with a final citation order.
6. Failure to comply with a notice to appear before the Board or its designated representatives.
7. Failure to comply with continuing education requirements as ordered by the Board or its designated representatives pursuant to Section 87.5.
8. Evidence that the licensee has not cooperated with the Board's investigation.
9. Misappropriation of entrusted funds or other breach of fiduciary responsibility.
10. Duration of violation(s).
11. Evidence that the licensee knew or should have known that his or her actions could harm his or her clients or other consumers.
12. Evidence that the licensee took advantage of his or her client for personal gain, especially if the licensee was able to take advantage due to the ignorance, age, or lack of sophistication of the client.

## **IV. EVIDENCE IN MITIGATION OF PENALTY**

The following are among mitigating circumstances that may be taken into account by Administrative Law Judges in providing for penalties in proposed decisions:

1. The licensee has cooperated with the California Board of Accountancy's investigation, other law enforcement or regulatory agencies, and/or the injured parties.
2. The passage of considerable time since an act of professional misconduct occurred with no evidence of recurrence or evidence of any other professional misconduct.
3. Convincing proof of rehabilitation, including the factors in Section 99.1 as well as other relevant considerations.
4. Demonstration of remorse by the licensee.
5. Recognition by licensee of his or her wrongdoing and demonstration of corrective action to prevent recurrence.
6. Violation was corrected without monetary losses to consumers and/or restitution was made in full.
7. If violation involved multiple licensees, the relative degree of culpability of the subject licensee should be considered.

## **V. REHABILITATION CRITERIA**

The Board's rehabilitation criteria, set forth in Section 99.1, are as follows:

When considering the denial of a certificate or permit under Section 480 of the Business and Professions Code, the suspension or revocation of a certificate or permit or restoration of a revoked certificate under Section 5115 of the California Business and Professions Code, the Board, in evaluating the rehabilitation of the applicant and his or her present eligibility for a certificate or permit, will consider the following criteria:

1. Nature and severity of the act(s) or offense(s);
2. Criminal record and evidence of any act(s) committed subsequent to the act(s) or offense(s) under consideration that could also be considered as grounds for denial, suspension, or revocation;
3. The time that has elapsed since commission of the act(s) or offense(s) referred to in subdivision (1) or (2);
4. The extent to which the applicant or respondent has complied with any terms of parole, probation, restitution, or any other sanctions lawfully imposed against the applicant or respondent;
5. If applicable, evidence of expungement proceedings pursuant to Section 1203.4 of the Penal Code;
6. Evidence, if any, of rehabilitation submitted by the applicant or respondent.

## **VI. ADMINISTRATIVE PENALTIES**

California Business and Professions Code Section 5116 et seq. allow the Board to order any licensee or applicant for licensure or examination to pay an administrative penalty as part of any disciplinary proceeding. In matters that go through the administrative hearing process, the Board's Executive Officer may request an Administrative Law Judge to impose an administrative penalty as part of any proposed decision.

The administrative penalty assessed shall be in addition to any other penalties or sanctions imposed on the licensee or other person, including but not limited to, license revocation, license suspension, denial of the application for licensure, or denial of admission to the licensing examination. When probation is ordered, an administrative penalty may be included as a condition of probation.

For any violation, with the exception of violation of subdivisions (a), (c), (i), (j), or (k) of Section 5100, any licensee may be assessed an administrative penalty of not more than \$5,000 for the first violation and not more than \$10,000 for each subsequent violation.

For violation of subdivisions (a), (c), (i), (j), or (k) of Section 5100, licensed firms may be assessed an administrative penalty of not more than \$1,000,000 for the first violation and not more than \$5,000,000 for any subsequent violation. The administrative penalty that may be assessed an individual licensee who violates these sections is limited to not more than \$50,000 for the first violation and not more than \$100,000 for any subsequent violation.

Administrative penalties may be assessed under one or more violations; however, the total administrative penalty shall not exceed the amount of the highest administrative penalty allowed.

The term "violation" used in Sections 5116.1, 5116.2, and 5116.3 is intended to include the total violations in the disciplinary proceeding. Accordingly, "first violation" refers to the respondent's first disciplinary action and "subsequent violations" refers to any subsequent disciplinary actions.

Cost recovery ordered under California Business and Professions Code Section 5107 should not be a reason to reduce or eliminate the amount of administrative fines.

The following criteria should be considered in assessing administrative penalties.

1. Nature and extent of actual and potential consumer harm.
2. Nature and extent of actual and potential harm to clients.
3. Nature and severity of the violation.
4. The role of the person in the violation.

5. The person's attitude toward his or her commission of the violations.
6. Recognition of wrongdoing.
7. Person's history of violations.
8. Nature and extent of cooperation with the Board's investigation.
9. The person's ability to pay the administrative penalty.
10. The level of administrative penalty necessary to deter future violations.
11. Nature and extent to which the person has taken corrective action to ensure the violation will not recur.
12. Nature and extent of restitution to consumers harmed by violations.
13. The violations involve sanctions by other government agencies or other regulatory licensing bodies, i.e. Internal Revenue Service, Securities and Exchange Commission, and Public Company Accounting Oversight Board.
14. Other aggravating or mitigating factors.
